

“To forget one's ancestors is to be a brook without a source, a tree without root...”

As one of the activities of the Brothers Waga Lomza Scientific Society we set up a
GENEALOGICAL CONSULTING GROUP.

It consists of volunteers, members of historical and cultural education team of
Lomza Scientific Society:

Marta Chojnowska (MA in Russian Studies)

Kamil M. Leszczyński (MA in History)

Monika Smakowska (MA in History and Law)

Anna Zarzecka (MA in History)

GENEALOGICAL CONSULTING GROUP offers individual consults to people who are looking for their roots and want to uncover their family's history. Based on a large database (see more: The register of “Lomza” source materials available in the electronic database of the Brothers Waga Lomza Scientific Society <http://wirtualnie.lomza.pl/wirtualnie/2019/10/10/1578/>) we can provide information on your ancestors, find the source material, help you discover a part of your family's history. If we don't have the requested information in our database, we can tell you where to look for it. We'd also love to hear your ancestors' history – maybe we will be able to add some records from our database of the Land of Lomza, Mazovia and Podlasie concerning the members of your family.

Please do not hesitate to contact us by e-mail or phone:

**If you are in Łomża, we invite you to visit the Brothers Waga Lomza Scientific Society's office
(Długa 13 Street, 18-400 Łomża).**

All members of our group are volunteers, people who share a passion for genealogy. If you are satisfied with our help, we ask you to make a donation for statutory purposes of the Brothers Waga Lomza Scientific Society.
